## **BFI's New Digital Evolution.**

We are happy to announce a significant milestone in the history of the Basketball Federation of India. The 73rd Junior Nationals Championship, held in Bhubaneswar, Odisha from February 4th to February 11th, 2024, marks a momentous occasion as we embrace digital evolution.

For the first time, we are proud to introduce online registration for the Under 18 category, attracting a record-breaking 1700 players. This pioneering move signifies our commitment to enhancing accessibility and efficiency within the basketball community.

Furthermore, we are delighted to unveil the introduction of digitally QR-coded players, coaches, and technical official IDs. This innovation streamlines processes while ensuring enhanced security and convenience for all involved.

We encourage each player, coach, and referee to register through the BFI login portal to obtain their ID cards promptly. As part of our digital transformation journey, this championship will also witness the issuance of QR-coded certificates and the implementation of digital scoring sheets.

Moreover, I am pleased to announce that score sheets for all games will be available digitally during this national event. Together, let us embrace this progressive step towards modernization and invite the nation to witness the excitement of basketball in its digital era.
